

Dundee Township Highway Department Services

Provided residents with sand and sand bags during flooding along Fox River.

Fix potholes. If you should ever find a pothole on a township road call the Highway Department at (847) 426-0898 and it will be fixed.

Christmas tree recycling program from December 26th thru January 15th. We chipped over 500 trees last year. Trees must be free of all decorations.

The Highway Department works cooperatively with municipalities and Open Space to treat catch basins, drainage ditches and other appropriate areas to reduce mosquito population with briquettes to help combat West Nile Virus.

Maintain 32 street lights in unincorporated areas. Replaced over 600 street signs and posts throughout the Township.

Use clear lane salt mixed with chloride for faster de-icing of roads. Please keep cars off the street when it is snowing.

Inspect all traffic control signs weekly paying particular attention to all stop signs. Monitored road and shoulder surfaces. In a Township-County program, the road crew will replace outdated worn out directional signs along all Township roads.

Annual program to repaint all road stripping.

Annual program to fill cracks on Township roads.

Annual program to trim trees along Township right-of-way safety.

Co-operated with Kane County, Kane County Townships, and Municipalities in preparing for local disasters.

Pick up trash along roadways.
